

Müller-Kovo, s.r.o.

We are a family company with a 27-year-old tradition of producing professional shears for cutting plastic pipes. We have capitalized on our years of experience and created a new product, very user-friendly. It is a new model of shears for plastic pipes up to 42 mm in diameter.

- **New design with improved ergonomics**
- **Resistant non-slip handle**
- **Optimized blade edge for precision cutting without permanent deformation**
- **Self-opening blade system enabling one-hand operation**
- **New mechanism without the need for adjustment**
- **Very easy operation**
- **Low weight 420 g**
